Over 75 years of innovation

With unrivalled expertise in instant filtered boiling, chilled and sparkling water, Zip Water is known globally for being home to the Zip HydroTap, which dispenses pure-tasting water at the touch of a button.

Founded in Australia in 1947, we’ve always been innovators, advancing and perfecting our drinking water technology for decades. Today, we’re proud to provide workplaces, in over 75 countries across the world with the purest-tasting water possible from our range of Zip HydroTaps.

Access the latest water filtration technology for pure-tasting water. Convenience at the touch of a button for instant boiling, chilled and sparkling water. Stylish designs and finishes to suit any kitchen and declutter bench space for efficiency.

Start drinking more, saving time, saving energy and seeing the benefits to your family’s wellbeing from your very first glass.

Welcome to the Zip HydroTap family. We thank you for your support as we embark on another 75 years of delivering water at its best.

Mike Abbott, President Zip International

Experience water at its best with Zip HydroTap

Convenience of instant pure-tasting water at the touch of a button

Enjoy pure-tasting boiling, chilled and sparkling water flowing from the simplest of touches with the Zip HydroTap G5. With sleek design and slick function powered by our most advanced technology, the HydroTap G5 has more personalised settings and features antimicrobial protection for enhanced hygiene. It's not just water, it's water at its best.

POWERED BY
G5
TECHNOLOGY

Powered by our latest G5 technology

Zip HydroTap's superior filtration and compact, efficient design makes it the perfect water solution for any workspace.

Remove kettles from your benchtops. Eliminate refrigerated bottles of still and sparkling water. Save space, energy and money. Forget deliveries and storage of water cooler bottles.

The Zip HydroTap is a convenient and practical way to offer your staff, customers and visitors fresh, pure-tasting water – instantly and safely.

Experience water at its best with HydroTap in the workplace

Pure-tasting boiling, chilled and sparkling water in an instant, delivered seamlessly with a Zip HydroTap. There is a HydroTap to suit any workplace.

For the office workplace

Workplace productivity and wellbeing are vital to every team environment. Zip HydroTap meets all your workplace water needs in one elegant, easy-to-use system, using the latest technology to keep pace with a busy workplace.

For the small workplace

Award-winning Zip Micro is our smallest ever drinking water system, designed to fit under almost any bench while keeping up to 10 people hydrated - the perfect solution for smaller offices.

*ALS Pty Ltd Testing of the Zip HydroTap UltraCare system efficacy tests

For touch-free workplaces

With increased awareness around workplace hygiene, Zip HydroTap Touch-Free Wave provides a 100% touch-free solution, instantly dispensing pure-tasting drinking water with a simple wave of the hand.

For health and aged care facilities

For health and aged care facilities, HydroTap UltraCare is the ultimate safeguard for drinking water.

Zip HydroTap certified installation

For professional results, let Zip Water take care of the installation. Our skilled service technicians will install and set up your HydroTap so you can start enjoying instant pure-tasting water as soon as possible.

Experienced & certified installers

As certified installation specialists, we will install your new HydroTap including stone cutting for tap and/or font installations*.

Full national coverage

With 130 certified technicians and 350 authorised service providers across the country, Zip Water can ensure coverage for your installation and service needs.

Experts in installation

Access our certified installation team, experienced in navigating around commercial kitchens and equipped with all necessary tools to complete your HydroTap installation*.

Product demonstration

Zip HydroTap certified installation includes a product demonstration to show how to get the most out of your new HydroTap system and answer any questions you may have.

High customer satisfaction

We strive to deliver exceptional customer service and take pride in our customer satisfaction. 80% of our customers have rated our Zip Water service technicians 9 or 10/10 demonstrating our commitment to you, our customers.

*Installation service is available in Australian metro areas only where suitable power and water are available within 1 metre of the installation location. Installation must be within 70 kilometres of metro areas. Includes stone cutting for tap and/or font installation but excludes cutting of fixtures or major plumbing modifications. *Zip Water Service Net Promoter Survey, 1st Jul 2023–30 Jun 2024.

Say hello to Classic Plus & Elite Plus

Enjoy pure-tasting boiling, chilled and sparkling water instantly with Zip HydroTap, powered by our most advanced G5 technology.

Sleek design meets slick function

With simple, intuitive controls including continuous flow to fill bottles and coming in modern finishes, HydroTap Classic Plus and Elite Plus will add designer style to any kitchen.

Smarter and more personalised

Create your preferred settings with a few touches using the optimised new menu in the HydroTap G5 command centre. Select energy modes and usage settings for easier customisation.

Setting the hygiene standard

Zip HydroTap G5 has antimicrobial protection impregnated within key water surfaces as well as on the new touch-pad for enhanced hygiene.

Classic Plus

Elite Plus

Classic Plus - 2021 Accolade Winner

in the Product Design Domestic Appliances category in recognition for outstanding design and innovation.

The evolution of Arc Plus and Cube Plus

Elevate any kitchen with HydroTap Arc Plus and Cube Plus.

Sophisticated elegance

HydroTap Arc Plus and Cube Plus will add a stylish finish to all kitchens with its designer silhouette, balancing the on-trend tap styles with our G5 technology to deliver boiling, chilled and sparkling water on demand.

Instant refreshments

Enjoy access to perfect refreshments with pure-tasting water at the press of a button. HydroTap Arc Plus and Cube Plus offers enhanced sparkling & chilled water delivery with the optimised aerator hidden inside the elegant spout of the tap.

Arc Plus

Cube Plus

Available in ultra-modern finishes to suit any designer kitchen.

Arc Plus & Cube Plus 2023 Accolade Winner

in the Product Design Domestic Appliances category in recognition for outstanding design and innovation.

Create a safer workplace with HydroTap Touch-Free Wave

Available in Chrome and Matte Black

Introducing Zip HydroTap Touch-Free Wave, with smart infrared sensors that activate boiling, chilled and sparkling water.

With an increased consideration around hygiene in the workplace, new Zip HydroTap Touch-Free Wave provides a 100% touch-free solution to instantly dispense pure-tasting drinking water with a simple wave of a hand.

How it works

- Infrared smart sensors detect hand movements within 1.5 - 5cm in range of the tap
- Once the hand moves away, the water flow will stop
- All drinking water types will have a maximum run time of 15 seconds which is adjustable from the command centre
- Continuous flow to fill bottles with twin sensor activation

View how to operate Touch-Free Wave

Safety features

- Twin sensor activation for safe delivery of boiling water

- Dispensing will deactivate when the tap is touched or grabbed, allowing for safe cleaning

Zip Micro, our smallest ever drinking water system

37%*
narrower
to fit under almost
any bench

Zip Micro is 37% narrower, perfect for small kitchens for up to 10 people, delivering perfectly **boiling** and **chilled** water at your fingertips.

Designed with space in mind

Our smallest underbench system footprint is 37%* narrower.

Optimised for up to 10 people

Keep up to 10 people hydrated with boiling only or boiling + chilled filtered water options.

Easy to use

The Zip Micro tap design comes with an integrated safety lock and uses an intuitive twist activation with auto and manual fill options. The underbench system comes with pre-configured settings and modes.

Micro-filtration for pure-tasting water

Zip Micro uses the latest filtration technology for pure-tasting water. Zip filters are certified to reduce bacteria, sediment, odours to NSF 42 (aesthetic effects) and NSF 53 (health effects).

2020 Gold Accolade Winner

in the Product Design Domestic Appliances category in recognition for outstanding design and innovation.

Zip Micro is displayed with an optional font kit sold separately (includes 100mm extension and matching standalone font).

*37% narrower than HydroTap BC20 underbench command centre

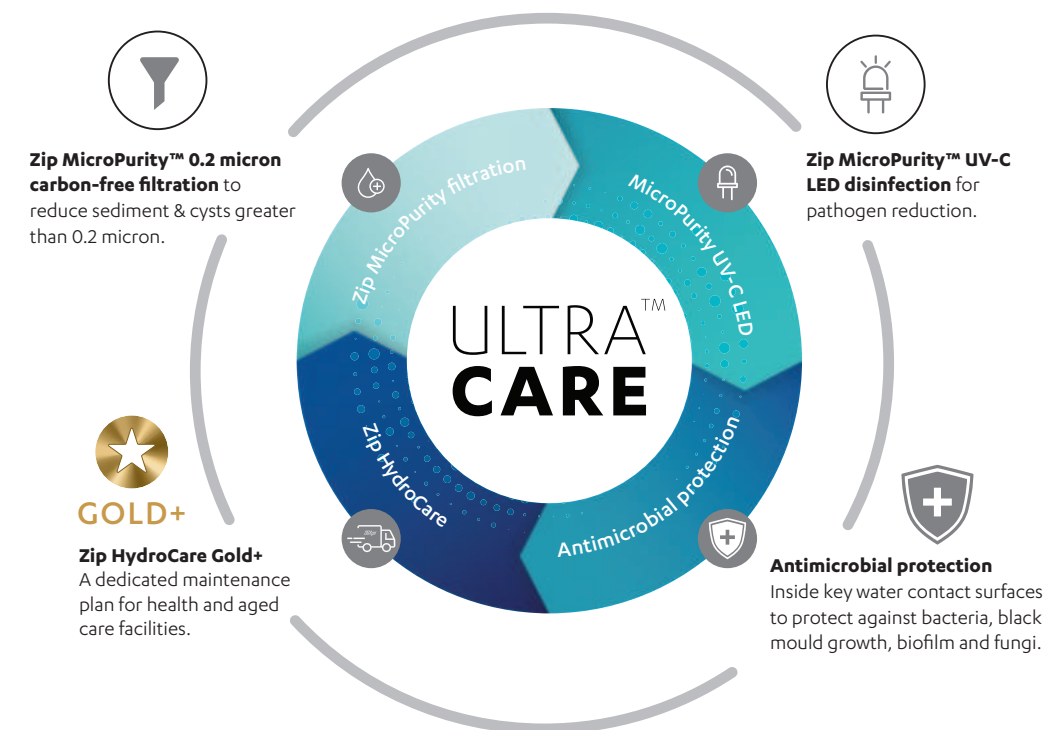

Zip HydroTap UltraCare system is proven to protect against waterborne bacteria and viruses.

Zip HydroTap UltraCare uses a multi-barrier system, proven as the most effective method of reducing waterborne bacteria and pathogens including Legionella.

Zip HydroTap UltraCare has been independently tested and achieved levels well below HPC <500 CFU; Legionella <10**

The barriers provided in the UltraCare system are:

- MicroPurity™ 0.2-micron carbon-free filtration
- Antimicrobial enhanced surfaces
- MicroPurity™ UV-C LED disinfection
- Zip HydroCare Gold+

Zip HydroTap UltraCare is available with 3 tap designs

HydroTap Classic Plus

HydroTap Touch-Free Wave

*ALS Pty Ltd Testing of the Zip HydroTap UltraCare system efficacy tests **en-Health 2015 Guidelines for Legionella control in the operation and maintenance of water distribution systems in health and aged care facilities, Australian Government, Canberra.

HydroTap, powered by new G5 technology

Leading the way in performance and functionality, Zip's fifth generation G5 technology continues to deliver the convenience you would expect from a HydroTap.

Perfected over 70 years of development and innovation, HydroTap G5 transforms tap water into a form you will love, in an instant.

The G5 command centre is WaterMark approved, which means it is fit for purpose and appropriately authorised for use in plumbing and drainage installations.

HydroTap product warranty

Zip HydroTap G5 is backed by a 36 month comprehensive parts and labour warranty, plus a further 24 months on internal tanks.

PowerPulse technology

Our innovative Zip PowerPulse technology maintains stored boiling water to within 0.2°C of your set temperature, meaning no energy or time is wasted waiting for water to boil.

Unique safety features

Zip boiling water is delivered smoothly and the tap has a safety lock to facilitate safe boiling water delivery.

Air-cooled system

Our unique air-cooled refrigeration system is 100% water efficient.

More eco-friendly refrigeration system

Uses R290 Low Global Warming Potential (GWP) refrigerant gas.

Auto-diagnostics

An advanced auto-diagnostics system continuously monitors your HydroTap's performance.

MicroPurity™ filtration

Inbuilt 0.2 micron NSF-certified filter incorporating innovative silver ion antimicrobial technology means healthier, pure-tasting water for your workplace.

Smart Customisation

New optimised menu in the G5 HydroTap command centre allows you to select energy modes and usage settings for easier customisation.

Antimicrobial protection

Impregnated inside materials in contact with key water paths in HydroTap for added protection against surface bacteria.

Touch-Free Technology

Zip HydroTap Touch-Free Wave uses smart infrared sensors to activate the tap to dispense boiling, chilled and sparkling water, all without touching the tap.

CO₂ level indicator

New feature in the command centre shows when CO₂ gas is running low.

The latest innovation in Zip HydroTap G5 Our most eco-friendly HydroTap*

Designed for sustainability

Includes a more eco-friendly refrigeration system

Zip HydroTap now uses R290 refrigerant gas delivering a 95% reduction in Global Warming Potential (GWP) compared to the previous refrigerant gas used.

100% water efficient

Using air-cooling technology to deliver perfectly chilled water means the Zip HydroTap is 100% water efficient as no water is used in the chilling process.

Improved energy efficiency

The new front fascia and integrated airflow vent design in the command centre of the Zip HydroTap enables improved energy efficiency, allowing air to be expelled out of the cupboard more quickly and efficiently.

At high usage periods, the HydroTap continues to deliver consistent chilled water while optimising energy efficiency by up to 24%. In standby mode, the HydroTap is 10% more energy efficient while ensuring consistent chilled temperatures on demand.

Most Eco-Friendly HydroTap
- 2025 Accolade Winner
in the Product Design Domestic
Appliances category in recognition
for outstanding design and innovation.

*when compared to preceding HydroTap models

What's in your water—and what do our filters reduce?

Understanding the 8 most harmful contaminants

1 PFAS

Per- and polyfluoroalkyl substances (PFAS) are synthetic chemicals widely used in industrial and consumer products.

PFAS do not easily break down in the environment, leading to persistent contamination in water sources. Studies have linked PFAS exposure to serious health risks.

2 Microplastic Consumption

Microplastics consumption from drinking water is a growing concern with the average person consuming a credit card's worth every week.

Although microplastics are present in a variety of foods, drinking water—especially bottled water—is often one of the most significant sources of exposure, at times exceeding levels found in seafood or salt.

6 Cysts (including Cryptosporidium & Giardia)

Cysts - such as Cryptosporidium & Giardia, can cause severe gastrointestinal illness upon ingestion.

7 Lead

Lead exposure can result in serious, long-term health problems, particularly neurological damage and developmental issues in children.

8 Bacteriostatic effects

Actively inhibits bacterial growth and biofilm formation, thereby maintaining the water's purity and long-term safety.

3 Chlorine, Taste & Odour

Chlorine and other contaminants can leave unpleasant tastes and odours in your water.

4 Particulates (>0.2 micron)

Particles in your water can cause it to be cloudy or discoloured.

5 Asbestos

Microscopic asbestos fibers can lead to severe health issues, including lung diseases and cancers.

Zip MicroPurity 8 in 1 filtration

The clear choice for clean, pure-tasting water

Choose a genuine Zip MicroPurity™ filter for your HydroTap. Our Zip MicroPurity™ filtration technology offers advanced protection against harmful contaminants, including PFAS and microplastics.

Our 0.2-micron filters are certified to reduce the 8 most harmful contaminants, even those you can't smell, see, or taste including:

- PFAS*
- Microplastics
- Asbestos
- Sediment > 0.2 Micron
- Lead
- Chlorine taste and odour
- Bacteriostatic effects
- Cryptosporidium, Giardia

Regular filter replacements and servicing are necessary to ensure optimal performance and water quality of these drinking water filtration systems. We recommend Zip MicroPurity 0.2 micron filters to be changed every 6 months for commercial HydroTap systems.

*Zip MicroPurity filters 93701 & 93702 are certified to NSF/ANSI Standard 53 to reduce 99.4% of Total PFAS (average reduction).

Triple Action Technology for superior filtration

1. Removes particulates greater than 10 micron

Pleated membrane pre-filtration

2. Reduces total PFAS, sediment, microplastics, lead, chlorine taste and odour, bacteriostatic effects, asbestos and cysts to 0.2 micron.

0.2 micron treated carbon block

3. Reduces limescale build up

Limescale inhibitor

Water for a healthier workplace

Workplace wellness and wellbeing is vital to your team remaining engaged and productive. Water plays a significant role in the function of the brain, so ensuring your staff have access to fresh, healthy water is essential.

Zip Water research shows that 80% of Zip HydroTap owners drink more water than before*. Drinking more water offers a range of benefits, such as better concentration and less fatigue. Plus, the increased activity from getting up and moving around increases circulation, encourages the elimination of waste and toxins, and reduces the damaging effects of long periods of inactivity.

Zip HydroTap meets all your workplace water solution needs, in one elegant, easy to use system.

*Research carried out to 340 existing Zip HydroTap customers

Environmentally responsible

Independently verified Environmental Product Declaration

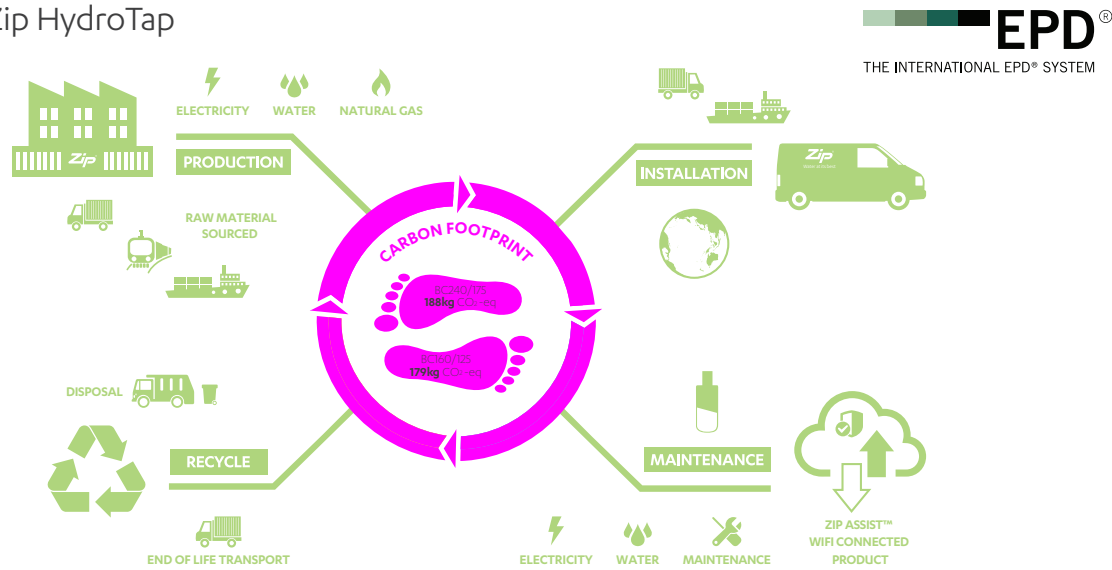

In another first for the world leaders in instant drinking water systems, Zip has released an internationally recognised and independently verified Environmental Product Declaration (EPD) for its HydroTap products. Developed with leading sustainability consulting company, **thinkstep***, it is the first EPD for an electrical product in Australasia, clearly demonstrating Zip's innovative and forward-thinking approach.

The HydroTap EPD details the environmental impact of the product throughout its life cycle, from the production and processing of raw materials, to manufacturing, distribution, installation, ongoing usage, maintenance and filter changing, right down to the end of the product's life.

Australians buy over **580 MILLION** litres of bottled water a year.

Much of which ends up in **LANDFILL** and on our **BEACHES**#

The life of a Zip HydroTap

Responsible manufacturing

Organisational dedication to sustainability

Innovative air-cooled technology

Making HydroTap 100% water efficient

The Zip service difference

Our highly skilled network of mobile technicians and friendly customer service team are here to help keep your Zip products in top working order. Our expert technicians install HydroTaps across residential and commercial kitchens, and we can maintain any drinking water systems.

Full national coverage

With more than 130 Zip certified technicians and 350 authorised service providers across the country, fully trained and qualified support is never far away.

Fast and efficient

Every Zip service technician carries a range of spare parts, genuine filters and CO₂ canisters to repair on first time attendance, which means you can get back to enjoying your fresh, filtered water in no time.

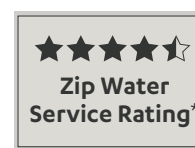

Professional repairs and maintenance

Zip certified technicians are highly skilled, specialised and factory trained with years of experience to ensure you receive efficient, reliable and prompt service and repairs.

Be informed with updates

Get up-to-date SMS notifications when your Zip service technician is on their way to your service call to save you time in your day.

High customer satisfaction

We aim to provide our customers with professional care at a high standard and take pride in our level of service.

HydroTap product warranty

HydroTap certified installation

Zip Water offers an installation service, with a national fleet of certified installers who can install your HydroTap in any kitchen.

Our certified installers will make sure your HydroTap is up and running in no time and includes stone cutting for tap and font installation.

Learn more at zipwater.com/hydotap-installation

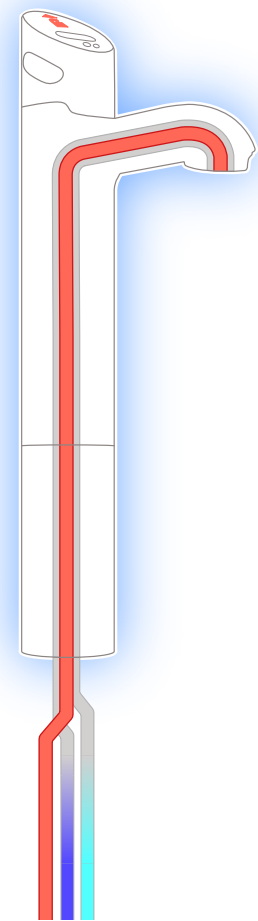

*Available in Australian metro areas only where suitable power and water are available within 1 metre of the installation location, excludes cutting of fixtures and major plumbing modifications

Safe and accessible

All Zip products are designed to be completely safe and easy to use, with unique boiling water safety locks and cool touch technology. You can be confident that the end user can operate our systems safely, without needing to worry about spluttering steam.

For users with limited mobility or impaired vision, Zip HydroTap Classic is also available with accessible levers. The oversized levers incorporate braille into the colour-coded red and blue options to indicate boiling or chilled drinking water.

Featured product
HydroTap Classic with oversized levers and braille covers.

A history of drinking water innovation for over 75 years

Zip Water is a world-leading designer and manufacturer of instant boiling, chilled and sparkling filtered water solutions. Zip Water invests in Australian-based innovation design and world-class manufacturing to continually enhance water quality, functionality, energy efficiency and aesthetic appeal. Recognised as a global innovator, Zip Water's products are sought after and installed in over 75 countries worldwide, providing homes and workplaces with the purest-tasting, safest and cleanest water possible.
